this is a long time ago and most the dogs purchased from different =
individuals are deceased. Aras being one of the dogs, I don't know how =
this is even a case. Do

you think Rita would trust someone she has never met and send her dog =
without being paid.?.She is the professional and I was new to the sport. =
She is the

professional and you can guess who got the worst of this deal and it =
wasn't Rita. She sold a dog to an old woman new to german shepards, =
that was handler aggressive .The dog attacked me without warning I was =
severly injured from the attack. I am not a trainer or a competitor. I =
had no idea about schutzhund dogs.

That was unethical to sell that kind of dog to me and not tell me . And =
it was because she wanted the money. I would have been killed had
it not been for someone with me at the time i was attacked by the dog =
she sold me. I don't know if I can help. It has been a long time now. =
Some things have been lost. The dogs were not cheap and i can't remember =
their cost.=20
